15 August 2013

Dear Family and Friends,

The last few weeks have been a busy time for us. I finished up the second term of Bible Institute classes with the final exam and grading written assignments from thirteen students. I am now gearing up for the third term which will begin on 2 September.

### *Missionary Kids Kamp*

The first full week of August, Jane and I had the privilege of helping Doug and Donna Stamper with the annual Missionary Kids Kamp that their family has hosted each August for the past twenty-two years, with only a very few missed years. This year, there were twelve campers from four missionary families. Jane and I taught the morning classes, helped with the game time, and listened to campers say their memory verses. The twelve campers combined said more than 1,200 verses in a four day period of time. The winner of the Scripture Memory trophy said 264 verses with second place saying 249 verses. One camper made some decisions concerning life after home schooling and the mission field.

### *Western Trip*

Next week, I will be making a short trip out to Western Kenya to spend some time with our three works in the Nambale area. The three churches at Nambale, Lwanyange, and Lugulu are continuing to do the work of the Lord. With furlough and various other responsibilities, it has been two years since I was able to be with them. I hope looking to do some strengthening of the churches and leaders. Please pray for our safety as I travel 8 hours each direction and as Jane remains in Nairobi.

### *35<sup>th</sup> Anniversary*

On Wednesday, Jane and I celebrated 35 years of marriage. I know that when we first married, I never would have dreamed that we spend this anniversary in Kenya. While different obligations have delayed a real celebration, we were able to spend the day together and to have some quiet time alone. I thank God for the wife He has given me and for her willingness to 'go to the ends of the earth' with me.

Please continue to pray for us that we will have the wisdom and the means to take advantage of the various ministry opportunities as they present themselves. Thank you for the part you have had in spreading the Gospel around the world and, particularly, in Kenya.

Serving Together in Kenya,  
Bill and Jane
